

# ROOSPECT KANGAROOS

**You can learn so much by observing kangaroos. What similar behaviours do they have to you and your family? How do kangaroos interact with their environment?**

**The best food for kangaroos is bush tucker. Please don't feed them.**

**Always leave the bush pristine by taking away everything you brought with you.**

**Remember you are in their home. Please be respectful. Keep your distance, avoid loud noises and sudden movements.**

**Dogs can scare kangaroos.**
